UPDATE FROM OUR FOUNDER

Message from Spiro Sueref

I am happy to share that our first newsletter was well received. In order to facilitate its ongoing success, we've enlarged our team and we've introduced monthly editorial meetings. In addition to this, we have decided to enlarge our newsletter from five to six pages. The new page will include Dreams and Visions, and Heavenly Experiences. In this issue, we begin with Rachel's near-death experience, when she found herself in Heaven and shares her amazing Heavenly encounter with the Lord on Page 6. Madeleine has been busy gathering information for 'Focus on Volunteers' and Sylvia is working on testimonies. The launch of our new website has not yet happened, but we are praying that it will launch in May. Thank you all for your prayers, help, support and feedback.

The Academy is coming!

Marylin, our volunteer, is working on the Academy, developing ideas behind our educational platform, producing an online learning system that helps you grow as a Christian, but at the same time gives you the opportunity to teach others what you know. Our slogan at the Academy is:

**"Today the pupil, tomorrow the teacher.
Today the disciple, tomorrow the shepherd."**™

REWARDS FOR FOUNDING MEMBERS

We plan to give Rewards for the first 500 Founding Members or so. You can subscribe now ahead of the website going live, using the online registration system. You will be known as one of our Founding Members and will be given a badge to show this. This will then give you certain benefits and privileges in the future. Once you become a member, you will be able to make friends, join groups, upload media, and documents; and have audio and video conference calls through the instant messaging system. You will be able to post messages and raise prayer requests, as well as access the Academy when it becomes available.

HEALED AND DELIVERED FROM YEARS OF ANXIETY AND PANIC ATTACKS

Lea Farah from Lebanon says:

**'No more panic attacks.
No more pain'**

[Taken from a live audio recording]

Hi everyone and thank you Spiro for giving me this chance for other precious teaching. So I was born and raised as a Christian in a very Christian family, thankfully. And around the age of early adulthood, I would say or around my adolescent years, I started developing panic attacks. For no apparent reason, I would have very cold hands, shivers, like this feeling of something crazy was going to happen to me. I know that this is something that's very common, more common than I thought, but back in the days, I used to feel that it was only me. It used to be a series of a very few of the moments and few of the times that were unjustified by medicine. I come from a family of doctors so medically nothing was there, but I still was not feeling ok at all. Those who know me, so many people who have known me over these years, would never think that I had anxiety or panic attacks because I was high achieving. I used to achieve on high anxiety which is even worse because I would empty myself from all of the energy that I had to do regular jobs, regular day jobs like going to architecture school or starting a business or going out with friends.

It got to a point 10 years down the road, where I had tried everything. When I tell you everything, I mean literally everything.

From New Age to Yoga, to healing, to sleeping better, to not eating meat, to just eating vegetables, whatever you think it's possible answer that Google might give you for anxiety and panic attacks, I had tried it, and even therapy, like a psychologist, psychotherapist, all of these things. It'd gone to a point where it was really bad and no one around me wanted to see me suffer any more, so I felt that I got to a point where it was really too much. I reached out to people around me, thankfully. I am so grateful that God chose to bless me with people who pray around me. So I grabbed the phone and I spoke to Adinda, Joelle and Aziz in Amsterdam. I told them and the first reaction was like: 'What? You Lea? The joyful Lea that we know that's always smiling and what not has anxiety attacks? That's crazy!'

I told them, yes, I know, I don't even believe it, but that's what I am going through and some days it's even hard for me to do what even a regular person would do to enjoy other blessings that God has given me...

FOCUS ON OUR VOLUNTEERS

As told by Nathaly Rebiez

Why did I join this mission?
Because I believe in the power of prayer, community, Christian spirituality, and service to others. I want to contribute to the group's mission of supporting and uplifting others through prayer and fellowship.

I also wanted to get deeper in my relationship with Jesus by listening to live testimonies and joining the Discipleship programme which will teach me more about the Bible and my relationship with the Lord, our Father. Spiro has taught me how to pray in the right way and through his ministry I've got closer to Jesus.

Would you like to also become a volunteer?

I WAS HEALED FROM BACTERIAL INFECTION AND INFLAMMATION

Shilpa Sharad from India shares how she was healed

I didn't even tell him what exactly happened, but he said he would pray for me and he did of course, and so did I.

We kept praying. I thought to myself that I am going to wait for three days, and if I don't see any recovery, I will go to the doctor.

At home with my prayers, I was taking precautions, cleaning and putting on anti-fungal powder. I didn't think it would heal by itself but, surprisingly, it was healing by itself... Well, saying 'by itself' would be wrong, because it was God and dear Spiro's prayers which were healing me. And after a week, I was completely healed without any medicine.

I wouldn't say that if you have a problem, don't visit the doctor, but I would say that please make your prayers your priority and visit the doctor as well. As God always answers a righteous person's prayer, so He did. Thank you so much dear Spiro for your prayers. There is power in prayer, always has been, always will be. Glory be to Jesus. Amen!

One evening in the beginning of February 2024, I was about to go out shopping with my mother when I suddenly got a stomach ache. I couldn't understand the reason at first, so I ignored it and I went out anyway. When I was going to bed, I realised I felt more intense pain and discomfort in my belly button area, with some apparent infection and reddishness. It was a bacterial infection which seemed to be suddenly increasing. I got really scared and the first thought that came into my mind was to pray to God. I prayed and I prayed and I prayed, and with that, I immediately texted dear Spiro to pray for me. I asked him to pray for my healing.

Quote from the Saint of the month:

And Mary said: "My soul proclaims the greatness of the Lord; My spirit rejoices in God my saviour. For he has looked upon his handmaid's lowliness; behold, from now on will all ages call me blessed. The Mighty One has done great things for me, and holy is his name."

'I see the Holy Spirit is influencing my family,'

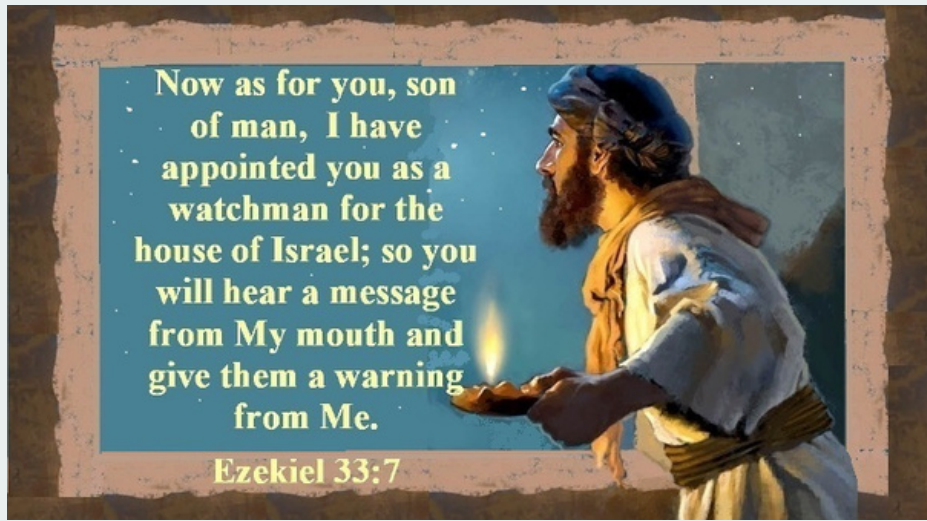

says Madeleine Jones

My name is Madeleine and I wanted to join Jesus4UsAll.com as a volunteer for a few reasons.

Firstly, I received healing from Jesus, through Spiro's prayers and ministry, which helped me to turn a corner. Secondly, I have seen many others receiving miraculous healings here. Also, because God has given each one of us talents for which I am grateful, and which He wants us to use. I want to use those He entrusted to me for His Glory. I am dedicated to this mission as I see the powerful work of the Holy Spirit and the anointing. It has already begun to influence my family for the positive. Such is the amazing grace of God.

If you have encountered a healing at one of our services, please share it with us at testimonies@jesus4usall.com

ON OUR WATCH, MAY 2024

ARE WE LIVING IN THE END TIMES FORETOLD BY SAINTS AND POPES?

This is part of our mission at Jesus4UsAll.com to keep you informed.

Who would have thought how right Pope John Paul II was in August 1976, when still as Cardinal Wojtyła, attending a Eucharistic Congress Meeting in Philadelphia, USA, he made a profound and shocking announcement that there would come the greatest confrontation in 2,000 years that would challenge Christianity. Here we are, 38 years later, seeing what could only be described as a realisation of those chilling words.

This is what he said:

'We are now standing in the face of the greatest historical confrontation humanity has gone through. I do not think that wide circles of the American society or wide circles of the Christian community realise this fully. We are now facing the final confrontation between the Church and the anti-Church, of the Gospel versus the anti-Gospel. This confrontation lies within the plans of divine Providence; it is a trial which the whole Church, and the Polish Church in particular, must take up. It is a trial of not only our nation and the Church, but, in a sense, a test of 2,000 years of culture and Christian civilisation with all of its consequences for human dignity, individual rights, human rights and the rights of nations.'

What Pope John Paul II said back then resonates with this generation; a time when the Bible is becoming more and more marginalised and, in some cases, considered as a Hate Crime; the papacy and the doctrine of the Catholic Church itself is considered an enemy by this modern world. Pope John Paul II was instrumental in driving back the forces of Communism and the collapse of the Berlin Wall, prompting the reunification of Germany.

When Pope John Paul II was shot on 13 May in 1981, the Feast of Our Lady of Fatima, in St Peter's Square, Rome, he knew that this was a sign from Heaven, the Blessed Virgin Mary saving his life. He also knew he had enemies, and that his papacy wasn't giving way to the Modernists as far, or as fast, as they wanted. Exactly a year later, he would visit the shrine of Fatima in thanks to Our Lady and have the bullet that struck him placed in her crown.

MEDUGORJE MESSAGE FROM OUR LADY

25 April, 2024

Dear children! I am with you to tell you that I love you and to encourage you to prayer; because Satan is strong and every day his strength is stronger through those who have chosen death and hatred. You, little children, be prayer and my extended hands of love for all those who are in darkness and seek the light of our God. Thank you for having responded to my call.

EASTER TO PENTECOST TALKS

Walking with the Holy Spirit

Following the success of Spiro's Lenten talks which brought a deeper insight into Lent, as we followed Jesus to his Passion and Resurrection, it was clear from these teachings that the cross was only halfway, and that as we died with Christ, we are now also raised with him into a new life, becoming new creatures. Just as Christ prepared his disciples, telling them to pray, to stay in Jerusalem and to wait until the power comes upon them from above, we continue our journey to Pentecost.

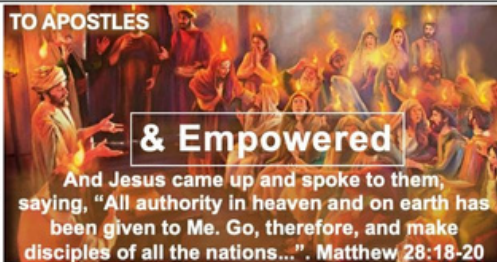

Easter-tide is traditionally known as the period of *Mystagogia* ('learning about the mysteries') and was the time when new entrants into the church would learn to grow in the knowledge and in the person of the Holy Spirit. A new life in the spirit. We are therefore continuing a programme of talks on Fridays, from Easter to Pentecost, to become an empowered people, by following Christ, learning from the Holy Spirit, and resisting the devil. This programme is designed to do just that, to equip and empower you, to help you discover your gifts of the Holy Spirit, and to live as effective Christians for the glory of Jesus Christ.

Dreams, Visions and Heavenly Experiences

Rachel's experience of Heaven
by Rachel Marie Whiting

'Jesus' voice is like no other, and His voice penetrated me, every part of me'

On Wednesday, 24 March 2024, Spiro received a WhatsApp message from Rachel Marie Whiting, the daughter of Maria, who used to go to Spiro's prayer group. Rachel explained to Spiro that due to some profound spiritual experiences, she'd had this deep desire to want to know and understand the Scriptures. Following an exchange of messages on WhatsApp, they decided to meet on Zoom for a short meeting. Following this, Rachel sent Spiro a Voice Message of this incredible experience she'd had on 20 May 2023. Here is the transcript of that Voice Message.

'As for the other visions that I had... I did have a very real vision of the Passion of Christ on 26 January this year and I have been open to other visions that were after. I am hoping that we can have a Zoom call about these other visions, because there is too much to go into in voice notes, and even with this voice note now, about this experience that I had on 20 May 2023, which was three days after I buried my sister, there's a lot that I have to go into. So I am going to try to compress it down as much as I possibly can, so it's not a long voice note for yourself.

So: I buried my sister in May, [and] three days later, on 20 May, [I had my experience.] For those three days I was in a deep, deep grief because before that, I was on autopilot, dealing with the funeral arrangements and trying to keep my mother up on her feet with everything.

In my mind, I knew that I was going to take my life; I didn't want to stay here any more. I lost my husband to suicide, now my sister to suicide, and I had every plan to take my own life after the funeral.

Now, for three days, I was in deep, deep grief, and on the third day, which was 20 May, I was here, screaming, at home, screaming to God, screaming out for my sister, screaming out for my husband, I was crying. I was crying so hard, I couldn't breathe...
